Such installment must be due and payable within 3 years from the date of the note and at least annually thereafter. Interest will be due at least annually from the date of the note. Monthly payments will be required except for borrowers with income limited to less frequent intervals.

(b) *Term length*. The maximum time allowable for final maturity for a guaranteed CP loan will be limited to the useful life of the facility, not to exceed 40 years.

(c) *Balloon payments*. The principal balance should be properly amortized

within the prescribed loan maturity. Balloon payments at the end of the loan are prohibited.
